Chapter 1 by Fabtella

I grabbed the purple hair dye and applied it to my hair. Coming back from summer means I need to look improved. Everyone changes over the summer. People grow, change their style, and look. So I already grew 3 inches, and went shopping. I want to be totally unrecognizable when I go back. Purple hair, new clothes, and I'm trying to change my attitude. I also lost weight. I don't think my friends will be able to tell if it's me!

My mom wouldn't approve of anything I'm doing, but she died two months ago. And my dad is at work most of the time, he probably won't care, or notice. My brother says, changing my look is good. People will think I'm surprising, and stuff. I guess to fit in and stand out, change is what people are looking for. What happened to everyone wanting to fit in by being the same? Now it's being different.
